Won't You Be My Neighbor Calvary Chapel representatives Pastor Bob Banks (left) and Operations Director Al Pinero (right) take time out to visit with Harvey Lane resident Eric Gartner (center) for some summer fun and fellowship.

Recognizing History

Francis B. Jacobs of the Brinton Association, stewards of the Brinton 1704 House on Oakland Road, posed with a decorative plate at the Township Building commemorating the Brinton 1704 House renovations. Take time out one weekend to drive down a newly paved Oakland Road to visit a newly renovated Brinton 1704 House. It is one of the oldest historic houses in America and is open on Saturdays and Sundays May 1st—October 31st from 1—5PM. Visit www.brintonfamily.org or call 610-399-0913 for more information.

Ash Borer Road Block

Hundreds of millions of ash trees in North America have been killed (35 states and some provinces in Canada) since the discovery of the Emerald Ash Borer(EAB).

Just this past May, an ash tree fell over and blocked Wilderness Way. Upon removal, Chadds Ford Tree Service reported that the tree came down from "rot" due to the EAB. Some tree companies offer injections to fight the EAB and save affected ash trees while others suggest cutting the trees down and replacing with some other type of tree.

Which Way Should We Go

Since the Harvey Run Trail officially opened in April 2017, foot traffic has been ever increasing. Chester County trail members stopped by in May to walk the trail. *Ahem...yes, Chester County trail members.* That's quite a compliment when Chester County trail members are coming to Delaware County's countryside to hike the Harvey Run trail between the Township and the Brandywine Conservancy and Museum of Art. Thank you for visiting!

Speed Limit Radar Signs

Unfortunately, the Township is not only home to wonderful art history, culture and verdant view sheds, but also home to one of the most congested intersections in the state—Routes 202 and 1. And, of course, people find their way around that intersection like the Brandywine Creek finds its way over its banks when it floods. So, the Township invested in two speed limit radar signs to rotate throughout the Township with the main goal of reminding most drivers that they're driving too fast.

In an effort to help the State Police and protect residents from the uncontrollable dangers of those who think they are in control when driving ten to twenty-five miles per hour over the speed limit, the signs also record statistics such as how many cars are going over the speed limit and during what time of day. It's scary to say, but some people are actually driving 70 MPH down Webb and Ring Roads. Thankfully, now that we have these signs, we can position them on various Township Roads, remind drivers to slow down, and share the statistics with the State Police.

The State Police have initially responded to the Township stating that they would set-up speed traps. One thing some drivers forget besides where the brake pedal is—is that driving too fast over the speed limit could result in fines. Slow down!

Meeting Dates & Events

PLANNING COMMISSION

- PC Regular Meeting: 8/14/2019 at 7PM
- PC Regular Meeting: 9/11/2019 at 7PM
- PC Regular Meeting: 10/9/2019 at 7PM

Delaware County Council of Governments* E-Waste Event

**When: Sunday, August 4, 2019
9 AM to 1 PM**

Where: Delaware County Community College

– enter off Media Line Road and follow the signage

**What: E-waste - Recycle almost anything
with a plug!**

*The Delaware County Council of Governments (COG) is not affiliated with Delaware County. The COG was established to address intermunicipal challenges and concerns in Delaware County, Pennsylvania. It encourages and facilitates intermunicipal cooperation, helps coordinate multi-municipal programs and activities, undertakes projects that will benefit its member municipalities, and provides a forum for municipal officials to discuss issues of mutual interest. E-Recycling service is provided by **PAR RECYCLE WORKS** – a local nonprofit that sells reusable materials collected from electronic devices to help pay for salaries and job skill development for formerly incarcerated men and women, in order to support their productive re-entry back into society. For more information on PAR, please see par-recycleworks.org.

E-Waste Collection List

We will gladly accept the following items at no charge:

Computer towers	Laptop computers
Tablets	Servers
Printers	Flat screen monitors
Phone systems	Game consoles
Stereos/Radios	Cell phones/calculators
Small appliances	Computer Monitors (flat)

**Because of environmental issues that make safe disposal expensive, there is a hazardous waste fee from the hauler for the following items:

- Older CRT Monitors and TVs: \$25 - \$75/each (size varies)
- Flatscreen TVs: \$10/each
- Air Conditioners, Dehumidifiers, & Air Purifiers: \$15
- Microwaves: \$5

We are unable to accept large appliances.
